

On behalf of CSPs in the East
Midlands.....

.....initial thoughts on NGB
engagement with CSPs

It is all still new.....

NGBs want consistency in the
CSP network

CSPs want consistency in
the CSP network

So how is this process working?

The key drivers for this engagement are

the NGB engagement plans being developed in
conjunction with Sport England and

the CSP Core Services agreement

What is an NBG engagement plan?

What's in the Core Services Agreement?

- ✧ Understanding NGB priorities in the CSP area
- ✧ Providing a clear point of contact
- ✧ Supporting data collection
- ✧ Connecting NGBs to partners – Las, SSPs, HE/FE, PCT etc
- ✧ Promoting needs led courses for coaches and volunteers
- ✧ Aligning resources and programmes – BSF, Sport Unlimited, Step into Sport etc
- ✧ Assisting with funding bids/advice
- ✧ Positioning sport within key local strategies

At the heart of this process.....

is good old fashioned sports
development

What about the agreements?

Monitoring and Reporting?
